

2017 IACAA Compensation & Benefits Survey Kick-Off

February 21, 2017 | 10 AM – 11:30 AM

Wipfli and IACAA are pleased to announce it is that time again! Time for us to submit our payroll and benefits information to be analyzed and tabulated into salary survey results we can utilize in our agency and/or program wage comparability studies.

Why should you join?

Before completing the survey, ensure you are properly prepared by joining our Wipfli compensation guru for an instructional Survey Kick-Off Webinar. Shelly Schwane has worked closely with IACAA on this and other projects for 5 years and is here to provide clarification and support as we carefully enter our data. She will be hosting this webinar to walk through the survey logistics, set your expectations for survey length and time investment, inform you of what information and data you should have ready, and answer your questions.

Who should join?

Whoever will be collecting all the data and completing the survey itself should join. This will likely be someone in HR or finance, particularly payroll and benefits administration. If that is **not you**, please forward this email to the one who will be responsible.

How do I register?

You can register via the following link. The link can be forwarded to anyone who should attend: <https://attendee.gotowebinar.com/register/156478477115809539>

Can't make it?

No problem. We will be recording the webinar and making it available to all IACAA members in case you are unable to join, need to re-watch it, or need someone else to watch it.

If you have any questions about the upcoming webinar or the project itself, please feel free to contact Shelly Schwane with Wipfli at sschwane@wipfli.com.
